RE: GROW FINANCING FACILITY TO BENEFIT ENTERPRENEURING WOMEN

The Government of Uganda, through the Private Sector Foundation, has released 29 billion to six commercial banks to lend to women entrepreneurs at affordable interest rates under the Generating Growth Opportunities and Productivity for Women Enterprises (GROW) loan. These funds are intended to increase access for women entrepreneurs to grow their businesses in their locations.

The project targets business women transitioning from existing Government programs, notably the Parish Development Model and Emyooga, who may now require loans to expand their businesses. Women in need of such loans are encouraged to visit the following banks for more information on how to access the loan facility;

1. Centenary Bank
2. Dfcu Bank
3. Post Bank
4. Finance Trust Bank
5. Equity Bank
6. Stanbic Bank

The purpose of this letter is to inform you of the availability of this loan facility and, above all, request you to publicize this information whenever and wherever, you have an opportunity.

Mukula Max Martin
